Dear Ones at home

I received your
letter of the 6th this eve
as I came home from work
glad to hear from you
I don't understand why
you can't get my letters
sooner although I don't
take them to office myself
as I don't have time or
rather don't take time
it is out of my way, on
and when I get home from
work and supper and dishes
washed it is so late and
I'm pretty tired too and long
ways from P. O. and

2) roads so oughfull dusty
and P.O. closes at 5-³⁰
and I don't have time
in mornings
sorry you think I don't
want to write or don't
care anything for you

I think I will be down
in a few days, but don't
know just when, will
try and see what I can
do with Mr Lewis about
the loan again

Wish you could sell the
horse

Is there any show of getting
the ~~the~~ school house job

We have got one house ready
for plaster, (that is the
man I'm waiting for

CM

3) now) and he has another
one started.

Well it has not been quite
so hot today as it has been
it is quite cool this eve
almost need a coat on
If you come up let me
know so I can have a place
for you. Mr Francis is getting
his house finished in side now
won't be done till about
the first of July

I wish ~~we~~ we had never
put a nickel in this colony
it's just that much thrown
away as I always thought
if we had it out, could
go out at Owens mouth
in San Bernado Valley and

4) buy land for \$3.00 per acre
or less and better land
and closer to S. C.

I tell you they don't want
any poor people here, and
they have said so,

Well it is after eight o'clock
mist close and take this to
P. O. tonight ~~so~~ so you will
get it by Sat eve

Good night
Love to all and lots
of Kisses
from Dorsey
